

So Now You Have Your Uniform...

Now that you have your uniform, there are a few things that you (and your parents) need to know.

You have been issued black bibbers, a black uniform bag, a hat, and a hatbox. Please have the bibbers hemmed (directions further down). To complete your uniform, you will need to purchase black marching shoes (through T&D), black socks, black soccer-style shorts, and a black band T-shirt. Freshmen will be given one black band T-shirt. Extras may be purchased at the uniform room, before all football games, for \$10 each.

For Marching:

You will wear the blue marching coat, and your bibbers. Under your uniform, you will wear a black band T-shirt and black shorts. You will wear black socks and marching shoes on your feet. The blue coats stay at school and are arranged on the racks numerically. Students must return their coats to the proper place on the racks after the game or contest. If you accidentally take the coat home, it must be returned to the uniform room by 8:00 a.m. Monday morning. If you accidentally take the coat home, remove it from the uniform bag and hang it in an airy place to dry.

Rain Plan B

If there is rain threatened for the game, the directors will announce that we are going to Rain Plan B. You will wear your black shorts and T-shirt and marching shoes for the game. **Always bring your uniform, hat, and shoes (T-shirt and shorts) to school on game day, even if you think it is going to rain!** In the last six years, we have only gone to Rain Plan B twice.

The Suit Bag:

You will be issued a black suit bag. It is yours to keep and take care of. The suit bag is machine washable in cold water with a little laundry soap. Hang it to dry. Do not put the suit bag in the dryer. The dryer causes the decal to come off. Please wash the suit bag every couple of games, or it smells.

STUDENTS: do not drag your suitbag across the floor, or parking lot. It destroys it, and it no longer protects your uniform. You will have to replace your bag if it is so worn that it no longer protects the uniform. New bags can be purchased at the uniform room before every football game.

The Black Backpack:

You will need to get a small, plain, black backpack. In it, you will put:

1. A small, dark hand towel to wipe the seat (and sometimes yourself). You can also use it to sit on if the seats are wet or rough.
2. A water bottle with a wide mouth (so it can be easily filled at the games)
3. (optional) A small, thin pad to sit on. Some of the stands are very rough and dirty.
4. (optional) A small disposable raincoat (available at Wal-Mart for less than \$1). The band parents will hand out sturdy raincoats if it starts to rain, but it may take awhile to distribute them. You may want the light disposable raincoat available to cover your instrument while the others are getting handed out.
5. Flip-folder with stand music.

HEMMING THE PANTS

NEW METHOD FALL 2007!!!

The pants come in a long length. Follow this method for a neat hem.

- Adjust shoulder straps to get a comfortable body length (check sitting and standing).
- Mark the length of the pants with the student wearing band shoes. Have the student stand straight, looking straight ahead.
- **Turn up the hem so that the hem is 3" from the floor at the heel, with band shoes on. This length will just touch the shoe in the front, but will not cause the front crease to buckle.** The length will be shorter than usual pants, but not so short that the bow of your shoelaces and whole ankle shows.
- Fold the extra fabric in (double and triple folds). The hem may be bulky. That is OK. **DO NOT CUT THE PANTS, AND IF YOU HAVE THEM HEMMED BY SOMEONE ELSE, EMPHASIZE THAT!** If the pants come back to the band with cuts on them, you **WILL** pay for them. The cost is approx. \$138.
- Press the hem, using a damp pressing cloth (not too hot; fabric is a wool/polyester blend and will scorch and trim can melt).
- Hand sew the hem with sturdy double black thread. Do not use nylon thread as it does not hold. Please do not machine sew the hems up because it permanently marks the fabric. Please do not staple, tape or pin the hems up. This also permanently marks the pants. **If you take them to a seamstress or dry cleaners to be hemmed, be sure to tell them NOT to cut the hem. Pin this hemming guide to the pants when you take them in.**

Students, marching pants are shorter than conventional pants. Your socks may show. Don't worry! Be Happy! Everyone will look just like you. We call it "Band Chic" ☺

Any uniform questions?

Call your friendly uniform coordinator:

Trixie Bone at 297-1669 or e-mail:bone7274@sbcglobal.net

A list of people willing to hem the pants, for a fee, will be posted on the website.
